

## What is ISOPHE?

The Illinois Chapter of the Society for Public Health Education (ISOPHE) mission is to provide leadership to the profession of health education and health promotion and to contribute to the health of all people through advances in health education theory and research, excellence in health education practice, leadership through a code of ethics, standards for professional preparation and the promotion of public policies conducive to health. Major components of the ISOPHE program include the continuing education of its members and providing input into current health education issues at the national and statewide level.

## Who is ISOPHE?

Health educators in a variety of settings are ISOPHE members. Current membership includes school and university faculty, students, hospital and clinic educators, community health educators, local and state public health department administrators, voluntary agency educators, involved consumers, and other public health professionals.

## Students!

ISOPHE encourages and welcomes health education students to join ISOPHE at a discounted rate. In addition to qualifying for special health education scholarships, student membership has other rewards.

They include:

- ⇒ Job Shadowing opportunities
- ⇒ Access to the ISOPHE job bank
- ⇒ Increasing your knowledge in the field
  - ⇒ Continuing education opportunities
- ⇒ Networking with health education professionals
